

Hi XXX!

We will never forget our first apartment! Can you say FREEDOM?! Purchasing your very first queen sized bed made you feel like an adult. And let's not forget the wine glasses! You probably could only afford cheap Chinese take-out, but your wine glasses made it all the classier.

And, decorating...That was the fun part! The way we dress, and decorate our apartment defines personal style. Remember your couch and how much you paid for it? And the throw pillows you meticulously picked out. Oh, and that rug in your living area that added a certain *je ne sais quoi*.

Let me invite you to visit [Noursion](#), whether you're a first time renter/buyer there is a collection for every style.

I would love to send you high res images for an inclusion or perhaps product review. Please do not hesitate to contact me!

Best,
Christina
